

- Malpighian tubule
- amnioserosa
- anlage in statu nascendi
- brain
- brain primordium
- brain
- cellular blastoderm / pole cell
- crystal cell
- ectoderm anlage
- ectoderm anlage in statu nascendi
- ectoderm primordium
- endoderm primordium
- epidermis
- epidermis primordium
- epidermis
- fat body
- foregut / hindgut / anal pad
- foregut / hindgut primordium
- germ cell
- glia
- hindgut / anal pad
- hindgut primordium
- maternal
- mesoderm primordium
- midgut
- midgut primordium
- midline primordium
- muscle
- peripheral nervous system
- peripheral nervous system primordium
- plasmotocytes
- plasmotocytes anlage
- procrystal cell
- proventriculus
- salivary gland
- salivary gland body primordium
- salivary gland primordium
- sensory nervous system
- sensory nervous system primordium
- somatic muscle
- somatic muscle primordium
- spiracle (tracheal system)
- spiracles (tracheal system)
- tracheal primordium
- tracheal system
- trunk mesoderm primordium
- ubiquitous
- unknown
- ventral nerve cord
- ventral nerve cord primordium
- ventral nerve cord
- visceral muscle
- visceral muscle primordium
- yolk nuclei
