

UMAP - Bulk Samples Highlighted

- Reference
- Bulk - 16-cell germline cyst in germarium region 2a and 2b
- Bulk - Johnston organ neuron
- Bulk - Kenyon cell
- Bulk - T neuron T3
- Bulk - T neuron T4/T5
- Bulk - adult Malpighian tubule
- Bulk - adult Malpighian tubule bar-shaped cell of initial segment
- Bulk - adult Malpighian tubule principal cell
- Bulk - adult Malpighian tubule principal cell of initial segment
- Bulk - adult Malpighian tubule principal cell of lower segment
- Bulk - adult Malpighian tubule principal cell of lower ureter
- Bulk - adult Malpighian tubule stellate cell of main segment
- Bulk - adult abdominal pericardial cell
- Bulk - adult alary muscle
- Bulk - adult antenna glial cell
- Bulk - adult brain perineurial glial cell
- Bulk - adult differentiating enterocyte
- Bulk - adult enterocyte
- Bulk - adult esophagus
- Bulk - adult fat body
- Bulk - adult glial cell
- Bulk - adult heart
- Bulk - adult heart ventral longitudinal muscle
- Bulk - adult hindgut
- Bulk - adult lamina epithelial/marginal glial cell
- Bulk - adult midgut enterocyte
- Bulk - adult midgut*
- Bulk - adult midgut-hindgut hybrid zone
- Bulk - adult neuron
- Bulk - adult oenocyte
- Bulk - adult olfactory receptor neuron Gr21a/63a
- Bulk - adult olfactory receptor neuron Ir56a+, Orco-
- Bulk - adult olfactory receptor neuron Ir75d
- Bulk - adult olfactory receptor neuron Or22a, Or42b, Or59b
- Bulk - adult olfactory receptor neuron Or47a, Or56a and likely other ORN types
- Bulk - adult olfactory receptor neuron Or47b
- Bulk - adult olfactory receptor neuron Or65
- Bulk - adult olfactory receptor neuron acid-sensing, Ir75a/b/c, Ir64a
- Bulk - adult olfactory receptor neuron unknown type, Orco-
- Bulk - adult ostium
- Bulk - adult peripheral nervous system
- Bulk - adult peripheral neuron of the heart
- Bulk - adult pylorus
- Bulk - adult renal stem cell
- Bulk - adult reticular neuropil associated glial cell
- Bulk - adult salivary gland
- Bulk - adult tracheal cell
- Bulk - adult ventral nervous system
- Bulk - anterior ejaculatory duct
- Bulk - antimicrobial peptide-producing cell
- Bulk - artefact
- Bulk - bitter-sensitive labellar taste bristle
- Bulk - btl-GAL4 positive female cell, cluster 1, likely to be ovary cell
- Bulk - btl-GAL4 positive female cell, cluster 2, likely to be ovary cell
- Bulk - btl-GAL4 positive female cell, cluster 3, likely to be ovary cell
- Bulk - btl-GAL4 positive female cell, likely to be ovary cell, sim+
- Bulk - btl-GAL4 positive female cell, likely to be ovary cell, sim+, H15+
- Bulk - cardia (1)
- Bulk - cardia (2)
- Bulk - cardiomyocyte, working adult heart muscle (non-ostia)
- Bulk - cell body glial cell
- Bulk - choriogenic main body follicle cell St. 12
- Bulk - choriogenic main body follicle cell and corpus luteum
- Bulk - columnar neuron T1
- Bulk - cone cell
- Bulk - copper cell
- Bulk - crop
- Bulk - crystal cell
- Bulk - cyst cell branch a
- Bulk - cyst cell branch b
- Bulk - cyst cell intermediate
- Bulk - early cyst cell 1
- Bulk - early cyst cell 2
- Bulk - early elongation stage spermatid
- Bulk - early-mid elongation-stage spermatid
- Bulk - ejaculatory bulb
- Bulk - ejaculatory bulb epithelium
- Bulk - ensheathing glial cell
- Bulk - enterocyte of anterior adult midgut epithelium
- Bulk - enterocyte of posterior adult midgut epithelium
- Bulk - enterocyte-like
- Bulk - enteroendocrine cell
- Bulk - epidermal cell that specialized in antimicrobial response
- Bulk - epithelial cell
- Bulk - escort cell
- Bulk - eye photoreceptor cell
- Bulk - female reproductive system
- Bulk - follicle cell
- Bulk - follicle cell St. 9+
- Bulk - germ cell stage 4 and later
- Bulk - germline cell
- Bulk - germline cell, unknown stage
- Bulk - gustatory receptor neuron
- Bulk - gustatory receptor neuron of the labellum
- Bulk - head cyst cell
- Bulk - hemocyte
- Bulk - indirect flight muscle
- Bulk - labral sense organ mechanosensory neuron
- Bulk - lamina monopolar neuron L3
- Bulk - lamina wide-field 1 neuron
- Bulk - late cyst cell branch a
- Bulk - late cyst cell branch b
- Bulk - late primary spermatocyte
- Bulk - leg muscle motor neuron
- Bulk - main body follicle cell ca. until St. 5
- Bulk - male accessory gland
- Bulk - male accessory gland main cell
- Bulk - male accessory gland secondary cell
- Bulk - male germline differentiating cell
- Bulk - male gonad associated epithelium
- Bulk - maxillary palp olfactory receptor neuron
- Bulk - maxillary palpus
- Bulk - mechanosensory neuron
- Bulk - mechanosensory neuron of haltere
- Bulk - mechanosensory neuron of leg chordotonal organ
- Bulk - medullary intrinsic neuron Mi1
- Bulk - mid-late elongation-stage spermatid
- Bulk - midgut
- Bulk - midgut large flat cell
- Bulk - muscle cell
- Bulk - neuron of haltere
- Bulk - nociceptive neuron
- Bulk - optic-lobe-associated cortex glial cell
- Bulk - outer photoreceptor cell
- Bulk - ovarian sheath muscle
- Bulk - ovary cell
- Bulk - oviduct
- Bulk - perineurial glial sheath
- Bulk - peripheral glial cell
- Bulk - pheromone-sensing neuron
- Bulk - photoreceptor
- Bulk - photoreceptor cell R8
- Bulk - pigment cell
- Bulk - polar follicle cell
- Bulk - post-mitotic endocycling nurse cell
- Bulk - post-mitotic germ cell early 16-cell cyst
- Bulk - posterior midgut*
- Bulk - principal cell*
- Bulk - secretory cell of the male reproductive tract
- Bulk - seminal vesicle
- Bulk - sensory neuron
- Bulk - skeletal muscle of head
- Bulk - spermatid
- Bulk - spermatocyte
- Bulk - spermatocyte 2
- Bulk - spermatocyte 3
- Bulk - spermatocyte 4
- Bulk - spermatocyte 5
- Bulk - spermatocyte 6
- Bulk - spermatocyte 7a
- Bulk - spermatocyte cyst cell branch a
- Bulk - spermatocyte cyst cell branch b
- Bulk - stretch follicle cell
- Bulk - subperineurial glial cell
- Bulk - tendon cell
- Bulk - testis
- Bulk - tormogen cell
- Bulk - unannotated
- Bulk - visceral muscle
- Bulk - visceral muscle of the midgut
- Bulk - young germ cell
